EXPERIENCE

Web Designing MIS Infotech Dehradun

Design and developed responsive websites using HTML CSS and Java Script. Worked with Bootstrap and other frame works to create visually appealing layouts. Developed problem-solving skills attention to detail while in a team oriented enviroment.

Digital Marketing AIIT Global Faridabad

Managed end-to-end digital marketing campaigns, leveraging SEO, content marketing, and analytics to drive measurable results. Designed promotional materials, scheduled posts, and analyzed user behavior to improve engagement.

Data Annotator RMSI Pvt Ltd Dehradun

During my tenure I contributed to the advancement of autonomous vehicle technology by meticulously annotating data. My role involved meticulously collecting and categorizing crucial data to enhance the company's autonomous vehicle algorithms.

EXPERTISE

- Problem Solving
- Communication
- Time Management

Web Development Projects

Portfolio Website: Designed and developed a personalized portfolio website showcasing my skills, projects, and achievements, highlighting proficiency in front-end web development.

Digital Clock: Created a dynamic digital clock web application to demonstrate JavaScript programming skills, showcasing real-time updates and interactivity.
